

2021-2022

# ANNUAL GENERAL REPORT

FOUNDED IN AUGUST 1992

**JOONDALUP**  
LITTLE ATHLETICS CENTRE

Prepared by  
Nicole James

# PRESIDENTS REPORT

This year saw the formation of an 80% new Board, with only John and Natalie remaining from the previous year.

We also welcomed a new Executive Officer, Nicole James. Nicole has been an invaluable addition to our team, bringing multiple years of experience as both a parent of athletes and as a serving Board Member at another Little Athletics Club.

I want to congratulate the Board on rising to the challenge and showing the commitment and dedication required to run a successful season. It has taken a lot of learning on the job, but with a lot of external communication, we have been very happy to receive some extremely positive feedback on the work we have put in this year.

We made some changes to the program, most notably removing the Twilight Programs from our schedule. While this resulted in an easier schedule for our members to follow, it did present some challenges with the warmer weather. We will be looking at re-introducing some Twilights back into our January program for next season, as this will also allow some of our athletes who are not available on a Saturday morning to still compete.

The earlier scheduling of the State Championships this year resulted in our Centre Championships being pushed back to the very end of the season. While the season is the same length as last year, it appears that many athletes are mentally finished after states, so this will be considered when scheduling Centre Championships for 2023. We have had some requests to look at holding both Centre Championship competitions over one weekend. We will consider the practicalities of this once Athletics West release their schedule for the 2022-23 Season.

Our roster system of Parent Help and Co-Ordinator remains to be successful in allowing families to rotate around sites with their athletes and this remains our preferred method of rostering. Unfortunately, we are still having issues filling specialist roles and even the Parent/Co-Ordinator roles towards the end of the season. This needs to be addressed and has been a repeated issue from previous seasons. The Board will be developing a new allocation, rather than nomination, based rostering system over the winter months, which we will implement for the start of next season.

I would like to make special mention to the following volunteers for going well over and above the required 7 rosters for the season, completing more than double their required amount. Brogden, Bossert, Boonzaaier, Munjodzi, Fuentes, James, Horton and Kay. We truly appreciate the extra efforts of all these families in how they have supported our Centre throughout the season.

We have experienced issues with multiple other codes encroaching on our booking times during training. This began with Rugby for the first few months and then moved onto Soccer for the last couple of months. This appears to be a growing issue, where they fail to respect the importance of training on our code and ignoring the booking times.

We also had a number of issues with key access to the Clubrooms, resulting in multiple occasions where we could not access the toilets during training. This has since been resolved, with new keys issued to training and development staff. Due to these increasing and ongoing issues and the huge costs involved, considerations will be made into the suitability of the venue for our Centre going forward.

We implemented a new medal presentation system at our Centre Championships, whereby athletes received medals after their events, prior to moving on to their next. This appeared to work very well and resulted in greatly reduced waiting around time and frustration from our members. We will continue with this system in the future.

We also introduced a new tradition for our departing Under 17's. We thoroughly enjoyed watching the bananas championing the 'family, fun, fitness' motto of Little Athletics. We wish all of the exiting athletes the best of luck for whatever their future brings. At our recent Presentation Day we introduced a Retiring Athlete Plaque, which we presented to each of our retiring Under 17's.

All in all it has been a successful season, with consistent registration and meet attendance. As always, meet participation did decline post Christmas, however, we saw an increased number of athletes qualifying for and then medalling at the State Championships, compared to last season.

We recorded records every single week of competition, with a total of 62 records across our A, B and Multi Programs, plus 13 new inaugural records on the Fun Day.

We are looking at growing the Centre further next year by implementing a new Seniors Club Sub-Committee, which will hopefully see increased opportunities for those athletes wishing to transition to Seniors and the Strive Meets, while remaining connected to Joondalup Athletics Centre.

This year has been mostly a learning experience for our Board. Returning Board Members are looking forward to implementing what we have learnt to make the Centre even stronger and grow further in the future.

I would like to thank our exiting Board Members for all their work this year. Neville Jameson, our Equipment Officer, has been the first to arrive and the last to leave every week. He has ensured that all of our event sites are safe and ready to go each week. Nyree James-Marr, our Competition Director, has put in hours of work in putting together the programs for the Multi Day, Fun Day, amending our Program A and B. She also spent many hours working on our State Relay Team selections, which was a very intricate task. Emma Broughton, one of our Officials Officers, has provided invaluable advice to many parents and particularly co-ordinators. She also provided much needed and appreciated expertise at the State Championships as a shot put official. John Cowan has been a Board Member for many years, providing an exceptional amount of support and effort in ensuring we have suitable coaches for our athletes year after year.

Due to Constitutional requirements, John will be stepping away from his Board role, however, he will remain a member of JLAC by being part of a new Sub-Committee for Senior Athletics. We are very excited by this new venture for our Centre. We wish all four of them good luck with their endeavours and most importantly, to enjoy the rest.

Congratulations to all athletes this season, from State Medal winners and National Qualifiers, all the way to athletes obtaining PB's and our Mini Athletes learning their first basic movement skills. Every athlete is equally valuable to the Centre and we love to share and celebrate in their personal achievements.

We appreciate the importance of feedback and suggestions from our members, so please either speak to us directly, or contact Nicole via the admin email with any recommendations that you wish to have considered for the future.

Gemma Keyes  
Centre President

# EXECUTIVE OFFICER REPORT

This is my first season as Executive Officer at Joondalup Little Athletics Centre, after joining the team at the beginning of July. I would like to thank the Board and membership for making me feel a welcome part of the team.

Having discussions with the Joondalup Board they expressed a concern that families were not being notified of events and information pertaining to the Centre. We decided to re-invent the Newsletter and have it emailed out to families weekly.

I suggested we give the Newsletter a name, so the Joondalup Journal was born. It has become a valuable tool for the Board to communicate with families in a light hearted, interesting and informative way. Covering topics on Rosters, Uniforms, Centre Records, Up-Coming Events amongst a few. The Journal will continue to be sent out over the winter months on a fortnightly basis.

If any families have any suggestions on how to improve the Journal, please let me know.

## ROSTERS

I would like to thank all families who have assisted with the rosters this season. As everyone is aware, athletics is extremely volunteer heavy and without the continual support of the families we are not able to run an efficient program. Each week we require a minimum of 93 volunteers for our Saturday's to run smoothly. Many of you have gone above what was asked as part of your requirements for the season. Having experienced families filling the roles, sometimes at the last minute, makes my Saturday Mornings easier.

I would like to thank the families who have helped me with the Field Data Entry every week. This enabled our athletes to view their results at the conclusion of the Saturday's Competition, and saved me having to input the data results over the weekend. Special mention goes to Jacquie Davidson and Cami Dearden. Both ladies volunteered to help me out over the two Championship Weekends. Having experienced helpers made the results process run smoothly and we were able to get the award winners out to the medal dais in a timely manner.

## REGISTRATIONS

At the end of the season we had a total of 328 athletes registered with Joondalup Little Athletics Centre.

With the Winter Registrations now open, we have had a further 10 athletes register just to do our Winter Cross Country.

This season, our Under 10 boy age group grew above 30.

In order to maintain a safe competition environment we started the season by splitting this group into two.

As the season progressed, and numbers stabilized, we were able to bring this back to one group for our Saturday Competitions.

Our U14 Plus age groups continue to be declining in numbers, and this is something that we will be looking at addressing as a Board for next season.

## COMPETITIONS

Our season commenced on the 16th October 2021 and concluded on the 19th March 2022. Over that time we had an average of 217 athletes compete each week.

We held a total of 7 Program A and 7 Program B's during the season. We also held a number of Special Events.

This season our Multi Event Day was held for all age groups. Athletes competed in 4 events with points being calculated and added together to produce our winners. It was great to see our all our athletes take part in this event this year.

We also held our annual Joondalup Chase. This season we changed it slightly to have the Chase Event for our U13 and over group, and included a Fun Event Program for our Under 6 to 12's. The obstacle course proved popular with all athletes (and some parents), including our older age groups who didn't get the chance to take part. Many were seen running the course after their events had concluded. This event will be included again next season. Special thanks to Phil Bossert for his hard work in sorting out the handicap distances for the athletes, and for his general overseeing of the Chase on the day.

Once again this season we headed to the WA Athletic Stadium for the Smith-Bossert Challenge. We had a total of 204 athletes take part in this event. With the Stadium being resurfaced at the end of this year, we will look at holding the event at our home track. Fingers crossed we can win back the Shield for 2022-2023.

2021-2022 Season  
Age Group Breakdown  
as of 28-02-2022

## STATE EVENTS

Every year Joondalup take part in the various State Events that are hosted by Athletics West.

This begins in December with the State Track and Field Relay's. We had a total of 24 Track and 15 Field Teams take part this year. Special thanks to Nyree James-Marr who worked tirelessly to put together the track and field teams.

We took home a total of 5 Gold and 3 Bronze Medals over the weekend. Special mention goes to our U9 Girls and U10 Boys track teams who were successful in taking home gold in both their 4x100m and 4x200m relays.

The next State event was the Combined Championships, held over 2 days at the end of January. Athletes compete in either 5 or 7 events (depending on age) and points are accrued and added together to work out the winners. We had a total of 20 athletes compete over

the weekend. We came home with 3 Gold and 1 Silver Medal.

In Mid February we went to Kingsway for the North Metro Qualifiers (Zones). This event is a qualifying process for the State Track and Field Championships. We had a total of 77 athletes in our Under 9 to 15 age group's compete over the weekend. This year the Under 7 and 8's were invited back to Zones to compete as their State Championships. We had 25 athletes in our Under 7 and 8 age group take part.

Next came the State Track and Field Championships, held over 3 days at the beginning of March. Following the Zones qualification process and with the addition of our Under 16 and 17 age groups, we had 83 athletes register to compete. Unfortunately, due to Covid several athletes were late withdrawals and were unable to take part.

We came away with a total of 19 Gold, 24 Silver and 18 Bronze Medals. This also includes the Under 7 and 8's who competed in their States in February.

## RECORDS

This season the Board decided to reinstate the Away records for athletes who compete away from our home venue. This could be at another Centre, or at one of the Athletic West State Events during the season.

We also created a record certificate that was presented to each athlete if they broke a record during the season.

Our record summary for the season was 75 Centre Records and 52 Away Records.

Once again Joondalup athletes have excelled at State Events and we had 2 athletes break State Records.

Jaxon Stewart broke the Under 15 Male Heptathlon State Record with a total of 4,206 points.

At our recent State Championships, Jackson King broke the Under 10 400m record with a time of 1.03.12. Jackson broke this record in his heat and then again in his final.

The next day Jackson then went on to break the Under 10 Boys 200m record with a time of 27.97. This record has not been broken since 1973.

## WA REPRESENTATION

This season we had 1 athlete who went on to represent WA with Athletics West.

Jaxon Stewart took part in the Australian Little Athletics Championships held over the ANZAC Day weekend. This year the event was held at Lakeside Stadium in Melbourne. Due to Covid the event has not taken place for the last 2 years.

Jaxon competed in the Under 15 Mens' Heptathlon and came home with a Bronze Medal. Over the 7 events Jaxon took part in he accumulated 4,493 points. This is a new PB for Jaxon in this event. He then went on to run in the Under 15 Mixed 4x100m Relay. The team finished in 3rd place, bringing home another Bronze Medal.

## SENIOR ATHLETICS

This season we had a total of 16 athletes register to compete as Joondalup Seniors. These athletes take part in the weekly Strive Competitions, held by Athletics West at the WA Athletics Stadium. We had several other athletes compete, who are registered with us for Little Athletics, but registered with other Senior Clubs for 2021-2022.

At the State Championships held in February we had 19 athletes compete that were current Joondalup Little Athletic members.

We came away with a total of 10 Gold, 2 Silver and 8 Bronze Medals over the 3 days of competition.

Of these athletes, 5 made the trip to Sydney to compete in the Australian Athletic Championships. Unfortunately, we were not successful in obtaining any medals at this event.

Next season the Joondalup Board have decided to take an active approach to growing our Senior Centre. We will be creating a Senior Sub-Committee with myself, John Cowan and Ria Merito to help promote and grow the Senior component of our Centre. If you would like to be involved in this Committee, please get in touch with me.

With the Australian Championships to be held here in Perth in 2023, we felt this was an ideal time to grow our Senior ranks. If any family would like information on the Senior Program, please contact me. I have had several years experience with my own children, and am happy to guide you and offer advice.

We will look at holding an information session towards the end of the winter, just prior to the registration process opening up with Athletics West for 2022-2023.

## SUMMARY

Over the 6 months of our Summer competition our athletes took part in 2,110 events and came away with a total of 5,008 Personal Best's.

Our highest PB winner this season was Charlotte Bryant who achieved 36 PB's.

I have thoroughly enjoyed my first year as your Executive Officer and look forward to working with the Board to bring you a fantastic 2022-2023 athletic season.

Nicole James  
Executive Officer

# TREASURERS REPORT

This season Joondalup Little Athletics Centre's operating profit is similar to the profit from the 2020-2021 season.

Rebecca Habbits and the Fundraising Team worked hard this season to secure Lane Sponsors for 6 of our 8 short track lanes.

The Fundraising Team also held several fundraising events during the season, which helped to pay for coaching accreditation and equipment upgrades.

We didn't spend as much on our line marking this season, mainly due to us being able to burn the lines in prior to Christmas.

Our coaching expenses were higher this season than past years, mainly due to us recruiting experienced coaches to help throughout the season and coach our athletes prior to State Championships.

Our income for the 2021-2022 season is \$81,488.84 and we had expenses totalling \$72,310.61.

This gives us a surplus profit of \$9,178.23.

We still have several invoices to come in for the month of March. These invoices will fall into the 2022-2023 Financial Year.

Cash in the bank and cash on hand is \$66,766.93.

Yishi Hu  
Treasurer

## COACHING

First of all a huge thankyou to all of our age group coaches. We had a number of first time coaches this season. Thankyou for stepping up and I am sure that you have found it very rewarding.

In particular we would like to express a special "thankyou" to our youngest coach, Izzy Jameson. Izzy is a Joondalup athlete, who has competed as an Under 17 this season. She has coached the now Under 9 boys since the group started as Under 6's.

In regard to the Under 13 and over event coaching, we would like to thank Janno and Jenna Van Der Linde for coaching our throws, Brodie Fuentes for coaching jumps and Ben Merito for coaching our Middle Distance athletes. Their expertise and enthusiasm is much appreciated.

## WATER RUNNING

This season we re-introduced water running. It was put on hold last season due to Covid 19 and ongoing maintenance issues at the HBF Pool.

Water Running is particularly helpful to those athletes who are experiencing soreness post competition and who may have injuries such as Severs, Oshgood Schlatters and Shin Splints.

# DEVELOPMENT DIRECTOR REPORT

## MINI ATHLETICS

This is the 3rd year we have conducted the Mini Athletics Program. It consists of a 45 minute session on a Saturday morning catering for 3 and 4 year olds.

This program has gone from strength to strength and this season we ran 2 sessions allowing 60 Mini Athletes to take part.

Again, a huge Thankyou to Helen Southerland for stepping up, preparing and conducting these sessions.

The sessions are aimed at introducing athletes to Little Athletics via fun games and activities.

Those participating thoroughly enjoyed the sessions and due to a large increase in numbers and enquiries, we hope to continue on with the program in 2022-2023

## HURDLES

In regard to the Under 6 and Under 7 Mini Hurdles, John is working on presenting a proposal to Athletics West to replace the Mini Hurdles with a wide triangular prism.

This will help the athletes to lengthen their flight over the hurdles and to develop better lead and trail leg technique at a younger age.

This will be extremely beneficial to athletes as they progress through their age groups with increasing hurdle heights.

The Triangular Prism could be developed to help in coaching the older age groups for hurdle technique.

## COACH THE COACH

Our season kicked off with us once again holding a Coach the Coaches Training Day.

This program is beneficial to all our age group coaches to prepare them for the coaching season ahead.

## STATES TRAINING DAY

This season the Board decided to hold a States Training Morning.

Athletes who had qualified for the State Championships were invited to take part in 3 rotations of around 1 hour in length.

We arranged for our specialist coaches to attend the morning, giving valuable advice and fine tuning technique prior to the State Championships.

Thanks go to Brodie Fuentes who coached High Jump, Callum James for coaching Long/Triple Jump, Allana Wignall for coaching Discus, Jenna Van Der Linde for Shotput, Janno Van Der Linde who coached Javelin and Ben Merito for Middle Distance.

We will be looking at expanding on this for next season.

John Cowan and Ria Merito  
Development Directors

# COMPETITION DIRECTORS REPORT

It was an absolute pleasure to work with the new Joondalup Board this year as Competition Director. Whilst we needed to learn 'on the go' quickly, it was also evident that the team were keen to work together and the outgoing Board were more than happy to provide information and support.

As Competition Director the main responsibility included the setting up of the 2021/2022 Calendar, developing the A and B, Multi-Event and Fun Event Programs. I also co-ordinated the Relay Team selections for both Track and Field.

Program manipulation was required throughout the year to manage high athlete numbers in certain age groups and to cater for the heat on Competition Days. With the heat this year, our starting times for some programs were brought forward and age groups were combined for some of our distance races. The Board may like to discuss combining age groups for the middle distance runs on a regular basis to potentially save time on competition days.

In addition, the board opted to remove the Twilight Program this season. I would recommend that this be brought back to the program for next season, to cater for the heat and to also allow more athlete numbers. Often athletes partake in various sports, thus the Twilight Program allows for those athletes to remain involved with Little Athletics.

The Board made a number of changes this year to the Calendar. This included the Multi Event Day, which was brought forward to enable more families the opportunity to compete in a multi-event style program. We also extended this to the older age groups this year. Whilst the older age groups generally have less numbers competing in such competitions, they also thoroughly enjoyed the opportunity. In future years, should the Multi Event continue with the older age groups it may be of benefit to look at combining the groups with the U14 plus competing as one age group (male and female) for more competition.

With the change to the Multi Event Program being moved forward this did mean that it aligned with the State Relay Championships, and prior to that the Smith Bossert Challenge. This meant that some of the age groups may have undertaken the same field events at the Smith Bossert Challenge and then again at the Multi Event Program, two weeks later.

As a result some of the Program B events were not run for over 3 weeks. Whilst the athletes will always undertake the same amount of Program A and Program B events in a season, if possible I would recommend they be broken up more, to allow for a more even spread of the 'special events'.

Phil Bossert was generous with his time this year and helped to run the Joondalup Chase event that was held alongside the Fun Event Program in January. Thanks Phil for making this another successful "Chase" and for the considerable amount of time dedicated to setting this event up.

It was wonderful to see our older athletes also, enjoying the younger athletes Obstacle Course Event during this competition day.

Our new Parent Events introduced this year, were planned to be held during our Fun Event Competition, however we moved these, due to time constraints, to our End of Season Windup. Depending on the success of this, other parent inclusion style options could be considered in future years (eg Parent Relay's)

State Relay Championships were again held in December this year. With teams needing to be decided and training occurring 4 to 5 weeks prior, it makes it quite a challenge to ensure the correct athletes are selected.

It would be ideal if the Championships were held a little later in the season as this would allow more opportunities for athletes to demonstrate their abilities. Whilst this is outside of our control, it may be worth considering (particularly in the older age groups), athlete performances from prior seasons and whether we include those athletes competing in Senior Strive competitions for Joondalup (especially if age group numbers are low).

From an administrative point of view, I assisted in implementing some new online forms this year, which included gathering responses for Relay Teams, Come and Try Applications and Mini Athletic Registrations.

It may be beneficial to extend this to uniform orders etc in the future to simplify the ordering process and to streamline the systems.

This year we also discussed the use of an Ipad Timer/Photo Finish App to use as a 'back-up', should the timing gates fail.

Whilst this was not implemented for this season, it is an option to consider in the future, particularly should we reach midday and the sun remain overhead (causing difficulty with the timing gates needing to be re-set).

I would like to thank each and every Board member from the current Board, as well as the outgoing board from 2020-2021 for an enthusiastic and professionally managed season.

Whilst I will not remain on as the Competition Director due to work commitments, I am more than happy to continue to help the Centre and Board in an unofficial capacity.

Nyree James-Marr  
Competition Director

# EQUIPMENT DIRECTOR REPORT

I have been the Equipment Director for the 2021-2022 season and the end of the 2020-2021 season. I have also been a Board Member for 2 years. It has been a pleasure to help the Centre and assist in its organization.

The role of Equipment Director is self-explanatory, making sure the equipment is set up on time every Saturday and packed away safely for the following week. I wish I had more time available to repair equipment and make improvements, but I did the best I could with the time I had.

The Centre had to use new grounds staff this year, who Venue West had contracted. It has been a challenge to get things done as we would have liked. Hopefully, next year the Grounds Staff will have a better understanding of our needs, especially regarding our linemarking.

On the equipment front there are no major purchases required, just replacing some older items that are worn out and sundries that get broken through the season. Although the Centre really does need to look at purchasing a mode of transport for moving heavy equipment to the sites and back. This should be a priority moving forward with the Centre.

I would like to thank my fellow Board Members for their assistance through the season. Special thanks to Ben Merito for his help and for his trusty ute. Finally, I would like to thank the parents who rostered for set up and pack away. I know it can be hard work physically for some, especially packing away in the heat.

Moving forward, the role really does need to be shared amongst a couple of people. Although I am not continuing in this role next season, I am available to help the new Equipment Director ease into the role with as much advice as I can offer.

On the plus side, I will leave my beer in the fridge!

Neville Jameson  
Equipment Director

# OFFICIALS OFFICER REPORT

This is the third year I have been in the role of Officials Officer at Joondalup Athletic Centre. There are still improvements to be made as with any developing role. The main part of this role is to make sure that the Age Co-Ordinators and Parent Helpers on sites know how to officiate correctly in accordance with Athletics West Standard Rules of Competition. It also involves looking after the safety of the athletes, officials and spectators. The position requires communication and working with the Officials from the WA Athletics Officials Club.

This year we had two Officials Officers walking around helping at sites and assisting in measuring all our field records. Our focus this year was to educate and assist at as many sites as possible. We also had a member of the Officials Club join us as a parent this season and take on the role of Short Track Starter every week.

Again, this year we have advertised the free officials course in several Newsletters throughout the season. The basic course is easy to complete and is helpful for any volunteer interested in becoming more involved in Little Athletics.

All Board Members completed this Officials Training online and several members also completed the online seminars that were offered early in the season.

We have again had support from the WA Athletic Officials Club. Two of their members visited our Centre and spent the morning walking around letting us know areas that we can improve upon, as well as making recommendations on modifications that can be made in the future.

We have also been involved at State Events by officiating at Zones and the Athletics West State Championships.

Natalie Rizvi and Emma Broughton  
Officials Officers

# FUNDRAISING OFFICER REPORT

Rebecca Habbits  
Fundraising Officer

## SUCCESSFUL GRANTS

March 2021 - \$5,000.00 from Labor Government  
Spent on Timing Clock for long track and additional radio's

January 2022 - \$2,500 from Coles Community Round 7  
Spent on athletic equipment and trolleys

## UNSUCCESSFUL GRANTS

October 2021 - \$5,000 Local Government Volunteer Grant  
Applied for purchase of 4wd Quad Bike

December 2021 - \$1,600.00 Active Sports Foundation Grant  
Applied for purchase of athletic training equipment

## PENDING GRANTS

January 2022 - \$5,000 Local Government Community Hub  
Applied for purchase of 4wd Quad Bike

## LANE SPONSORSHIP

3EM Engineering  
Keep on Running  
Emily Hamilton MLA Member for Joondalup  
Xtend Barre Currambine  
Albert Jacob, Mayor of Joondalup  
Taz Training

## PARTNERSHIPS

Grill'd Joondalup - 250 vouchers for our athletes  
Event Cinema Whitford City - 250 vouchers for our athletes

## Targets for 2022-2023

**To have all 8 lanes sponsored**

**To continue to fundraise in a fun and family orientated way during the season and on Competition Days**

## FUNDRAISING EVENTS

Bunnings BBQ - \$1,500.00

Grill'd Local Matters - \$300.00

(spent on Coaching Course)

IGA Kinross - \$300.00

(spent on Coaching Course)

2 Cake Stalls - \$500.00 combined

Icy Pole and Drink Stall - \$120.00

Christmas Raffle - \$340.00

100 Square Game - \$600.00

Tupperware - \$80.00 plus prize donations to Centre

Limited Edition JLAC Coin - ongoing

Entertainment Book - ongoing

Containers for Change - ongoing

I-Sponsor - ongoing

**Thankyou to all our athletes, their family and friends for being open to all our fundraisers and giving up hard earned cash and donations along the way**

## DONATIONS

IGA Kinross - food donations throughout the year

TAZ Training - \$1,000 towards Timing Clock

Network Electrical - \$100.00

Latitude Joondalup - free passes for Raffle Prizes

Goodlife Joondalup - free passes and goodies for Raffle

Rio Tinto - \$500 volunteer parent contribution

We would like to thank our sponsors for their generosity and support.
